The general meeting was well attended and thanks to the Pacific Beach Woman's Club we had a lovely place to meet. Many people had never been there, so for them it was a great treat. Mark Johnston gave a wonderful presentation about the history of the Rose Creek Cottage. Our hope is that we will be able to host an open house soon so that our community will be able to see for themselves what a jewel we have hidden here in Pacific Beach.

Hard times are everywhere and Pacific Beach is no exception. We will be feeling the lack of services as reported by Lt. Jim Filley, there will be 100 layoffs from the service departments, which means that we will not have some of the services that we may at times take for granted. Also the Fire Captain reported that due to budget cuts the fire truck is being shared with other communities. Although they will be able to send the service truck to a fire right away, the actual fire truck will have a longer response time...pretty scary.

I'd like to remind the membership that the representatives who attend our General Meetings are invited guests that come with very valuable information not only for our community of Pacific Beach but for the City and County of San Diego. Please show them the respect they deserve.

On a more positive note the Pacific Beach Town Councils Safe and Beautiful Committee, with the help of the PB Presbyterian Church, is holding their third annual graffiti day on April 17th, between 9am and 1pm. We are asking our community partners to join us to make this great event the best one ever.

Our Web Site Committee has been hard at work, we now have photos of our events and a new site has been set up for businesses. So if you're a business member please send us your updated information with your e-mail and logo so we can post it on our site.

There are so many things happening around town that sometimes it's difficult to keep up with everything, but remember it takes all of us to make Pacific Beach a better place to live, eat and shop.

PBTC President
