SPECIAL COMMUNITY SPEAKERS

California State Senator Toni Atkins: Cancelled

Gordon Walker, CEO, San Diego Regional Task force on Homelessness

The regional task force is a nonprofit organization and not a county or city entity. The task force handles ALL federal funds. Data is kept on all outcomes for all customers with an assessment score. We are involved in the "point in time count" which is an annual count of the homeless in the county. We are implementing the "housing first" model. We feel it is been successful and efficient. Our model has a three-step process: 1) Housing, 2) Services 3) Life change.

Because of San Diego's long-term attractions to the area consisting of sunshine and a great economy, the housing of the homeless will be difficult and a long-term process. He feels that permanent housing instead of transient housing will in the long term be cheaper than housing them on the street. He feels housing should be: safe, decent, and affordable for the homeless. He then took some questions from the audience.
